DETAILED ACTION

1. Amendment and response filed by applicants dated Mar. 25, 2009 have been entered and considered carefully.

Claims 1-4, 6, 8, 11-12, 14-17, 21 have been canceled.

Claims 5, 7, 9-10, 13, 18-20, 22-47 are pending.

2. Applicant's attempt to obviate the 102(a) rejection over Muto et al. by amending the claims to the limitation of claim 12 necessitated the following rejections.

Initially, it is noted that the rejection under 102(a) should have included claim 37 wherein Ar2 is "substituted or unsubstituted phenyl or monocyclic aromatic heterocycle" included the scope of claim 5 of the previous version. Applicants have amended claim 5 but not claim 37. Therefore, the rejection is maintained for claim 37.

In addition, as the instant claim 5 has been amended to Ar2 being 4-substituted phenyl or 6-substituted 3-pyridyl by OR^Y or NHR^Y, the scope of claims 18-36 are now beyond the scope of the base claim. An example (*not exhausted listing*) is explained using claim 18. Claim 18 has Ar2 being 4-hydroxyphenyl for which the base claim is phenyl substituted with 4- OR^Y wherein R^Y cannot be hydrogen, therefore, does not read on the base claim.

3. The rejection of claims 5, 7, 9-10, 13, 18-20, 22-47 under the judicially created doctrine of obviousness type double patenting is maintained.

Applicants offered to consider filing of a terminal disclaimer without submitting an acceptable terminal disclaimer. Applicants must file an acceptable terminal disclaimer in the later filed application to bind the patents together or show clear lines of demarcation that the claims being issued do not contain overlapping scope.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO

Art Unit: 1625

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
